

IT'S ONE THING TO SAY IT

©1990

We say that we have found the truth
And yet I feel
Only the life we lead will prove
Our faith is real
People are watching us to see
If Jesus lives in you and me
Will we be all we're claiming to be

It's one thing to say it
It's another thing to do it
We've got to take what we believe
And live it, oh live it
It's one thing to say it
It's another thing to do it
Though the voice is still the same
We've got to change
Cause it's one thing to say it
And another thing to do it

Now is the time to understand
We must obey
This is the place to take a stand
So we can say
Here in a world where talk is cheap
And vows are broken easily
We've made a promise we're gonna keep

In our hearts we've got to burn the light of Jesus
Stir the fire so the flame will grow
His love will be a power that will free us everywhere we go
Though the enemy may try, he won't defeat us
For our lives will show
