

# *NEVER OUT OF HIS LOVE*

©1990

---

There are days you think you can't get through  
Loneliness has got the best of you  
And you think that no one else ever felt the same  
Though it seems your friends are hard to find  
There's a promise that should ease your mind  
You will never be alone when you call His name

You're never out of His love  
You're never out of His mind  
And no matter how far you go  
You will always find You're never out of His sight  
You're never out of His touch  
Cause His heart reaches far enough for you to know  
You're never out of His love  
Jesus knows the world you're living in  
Where you're going He's already been  
So He wants you to remember these words again  
Never out of His mind  
And no matter how far you go  
You will always find You're never out of His sight  
You're never out of His touch  
Cause His heart reaches far enough for you to know  
You're never out of His love
