

# *TESTED BY FIRE*

©1990

---

Every week in the Sunday School  
You learn about right and wrong  
You study the scriptures  
To help your faith grow strong

Come Monday morning when you're back in school  
Will your faith be strong enough to pull you through

When you're tested by fire  
And temptation's all around  
Will you give in to the sin  
Or watch His grace abound  
When you're tested by fire  
It's His plan to purify  
Oh the fire, fire  
Will always bring you closer  
Closer to the Crucified

Each and every day  
You have to make a choice  
Do you follow your own desires  
Or listen to His voice

It's hard to stand your ground and face a compromise  
You just can't stand for truth if you give into lies
