

ALL AROUND THE WORLD

Wherever a cup of water is given to a thirsty man
Wherever you find a touch of forgiveness
You'll see his healing hand
There's a call to arms being answered
And everywhere you look you can see it

All around the world
I see the arms of Jesus reaching
All around the world
Healing hearts and souls and teaching
Perfect love to every man and woman, boy and girl '
Til the light of Heaven shines
All around the world
You know we could talk forever
And ever and not be understood

We can be so heavenly minded We ain't no earthly good Or we can make a world
of difference One heart at a time, then we'll see it And if you think there's
nothing you can do Maybe you should change your point of view It's the hope of
Jesus Christ That changes every one of us.
