

SOUL TO SOUL

And soul to soul
We will join together and change the world
The young and old
We will help each other, soul to soul

Well my hair's too long
And your clothes are way out of style
My music is much too loud
And Perry Como's a bit too mild
These trivial things that drive us farther apart
For a much higher call, we must tear down the walls
Between our hearts

Well, I need your wisdom
And you need my strength
We need each other
Joined with the Father, to do anything.
