

DRAW ME NEAR

©1993

Draw me near
Draw me near into your heart
Into your arms

Draw me near
Draw me near into your heart
Into your loving arms

Even though my heart has run after
Many a love I know
You're the only one for me
And I know you've waited so long to show
How strong your love will always be

Search me Lord
And rescue me from the emptiness of my soul
Help me find my way to you
Call my name
And I will run after you
With all my heart
With all my heart
