

NOTHING IN ALL OF THE WORLD

©1993

There are going to be those times
When nothing falls in place
And you feel like running away
Life can be an uphill climb
And sometimes hard to face
When troubles come day after day

But all it takes is calling out his name in prayer
And faithfully, right on time, he will be right there

Cause nothing in all of the world
Could keep his hand from reaching out
To overcome your fear and doubt
Nothing in all of the world
Nothing in all of the world
Could separate us from his love
Comfort us the way he does
Nothing in all the world
Nothing in all the world

Looking back at all the times he's seen you through
Certainly you know by now how much he cares for you

Just remember there's no power on earth
Greater than all the love The Lord has for us
