

HEY, HEY BELIEVER

©1998 New Spring Publishing

People wonder why believers always try to shout
Jesus is the only way
We can't get along, always finding something wrong
It's like love is on a holiday
If we only realize when other people's eyes see
We're not living the truth
We must come together to become the living proof

Talkin' 'bout love – love for everyone
Talkin' 'bout peace – pray that it will come
Live the life that shows the world amazing grace
Talkin' 'bout faith – faith will see us through
Talkin' 'bout truth - in what we say and do
Forgiveness is the cross that covers me and you
Hey, Hey believer

Denomination lines on everybody's minds
Surely isn't part of the plan
And if we boycott the mouse I
t's like burnin' down the house
How's Mickey gonna understand
What people need to see
Is people who believe
A cross is not a thing that you wear
The sacrifice a willing life
Display the fact that He cared

Talkin' 'bout love – love for everyone
Talking' 'bout peace – pray that it will come
Live the life that shows the world amazing grace
Talkin' 'bout faith – faith will see us through
Talkin' 'bout truth – in what we say and do
Forgiveness is the cross that covers me and you
Hey, hey believer
We must come together to become the living proof
