

IF WE BELIEVE

©1992

The work is at hand
A dying world awaits a reason to survive
Through compassionate eyes
We see the needs too great to push the call aside
Now's the time – we must show them love brings life

If we believe Jesus lives
His power lives within
If we believe Jesus saves
We can lead the lost to Him
If we believe that He is coming
We've got to work like it's tonight
We can change the world by His might – if we believe

The challenge we face
Is not an easy task but still His will remains
He will conquer our fear
When we boldly ask "Lord send us in Your name"
We will go 'cause His strength is ours to claim

By His spirit we know
God enables the ones He has chosen

Yes we believe Jesus lives His power lives within
Yes we believe Jesus saves
We will lead the lost to Him
Yes we believe that He is coming
We're gonna work like it's tonight
We can change the world by His might – it we believe
